## MESSAGE FROM THE DIRECTOR

Welcome to the 2012 Spring Semester!

Spring is a time of renewal and this is also true for the Library. The trends in higher education, such as problem-based and discovery learning, challenge students to actively engage with information and resources to solve problems and create knowledge (Levine, 2007; Walsh & Cuba, 2009). The library, more than ever, provides a gateway to this world of information, both digital and traditional. In this

newsletter, read about a few of our exciting initiatives such as: ILLiad, the library's new Interlibrary Loan management system; a new Institutional Repository system providing online access to unique Wilmington University content; Ebscohost, WorldCat, and LibGuides mobile platforms; and, of course, our new Library website. A recent Chronicle of Higher Education article described some of the challenges of building an online library in an era of "superabundant" information. We are in an era of the "hybrid" library where digital and print content compete for attention, and unique "artifacts", such as archives, still matter. The issues remain: "What do you include? How do you make collections findable and usable?" Take a few minutes to read how we continue to concentrate on doing what we can to help you learn. We wish you much success this semester, and beyond.

- Jim McCloskey, Library Director

## NEW LIBRARY WEBSITE HAS LAUNCHED

The spring semester was the start to the newly designed Library website.

After a highly anticipated wait, the new and improved Library website is here! We hope that you find our new website more user-friendly and easier to navigate. One-click access is available to most of the resources and services provided by the Library. To access the research databases, click on [Find Articles and More](#). To find books, click on [Delaware Library Catalog](#). Refer to our new [Help & How-To](#) section with any questions about the Library.

The screenshot shows the Wilmington University Library website. At the top is the university logo and navigation links: Home, WebCampus, Blackboard, Apply Now!, Contact Us, and Search. Below that is a secondary navigation bar with links for About Us, Admission, Student Services, Academics, Library, Student Life, Athletics, and Alumni. The main header reads "WILMINGTON UNIVERSITY LIBRARY". A large image of the Peoples Library building is on the left, with the text "WE HELP YOU LEARN" below it. The central content area features a heading "Robert C. and Dorothy M. Peoples Library" and a descriptive paragraph. To the right is a photo of the library interior. Below the main heading are four columns of service links: Research (Find Articles and More, Delaware Library Catalog, Library Journal Locator, LibGuides, Find eBooks), Services (Individual Assistance, Renew Materials, Faculty Services, Library Instruction, ILLiad/Interlibrary Loan), Help & How-To (Individual Assistance, APA Style, For Online Students, FAQ), and Contact (Call/Email, Locations and Hours, Feedback). A sidebar on the left contains icons for About, News & Events, and social media links for YouTube and a generic social icon.

### DID YOU KNOW?

The Library's new Institutional Repository makes unique Wilmington University content available to scholars and researchers around the world.

The first phase brought all newly completed doctoral dissertations online. The dissertations are cataloged in both our catalog and in WorldCat, leading to discovery through search engines.

The second phase involves developing similar procedures for capstone projects. The College of Health Professions capstones will be used as a pilot.

The third phase, running concurrently, will involve working with the University's Online Learning Department to develop a collection of online "learning objects." As with other content, the cataloging metadata will facilitate discovery of these objects through the Internet.

The next phase, starting in the fall, will include developing procedures for digitizing and cataloging the WU archives.

## GET TO KNOW THE LIBRARY STAFF

### Featured Staff Member | Michelle Reyes

Michelle Reyes began working evenings in the Library Resource Room at the Wilson Graduate Center in 2007. She provided library orientations and research assistance for our graduate students and faculty. Michelle now works as a Librarian at the New Castle site Library. Michelle has worked in libraries since high school. As an undergraduate, she served as a student worker in the libraries at both the University of Delaware and Widener University. She states, "These positions, along with my work at the Graduate Center, propelled me to complete my Master of Science in Library and Information Science at Drexel University." What she enjoys most about working for the Library is that every day is different. "Some days you can find me leading library orientations at the Dover site, while some days I provide library services at the Information Desk in New Castle. Meeting and assisting students with their research, in addition to serving members of our community, are the most enjoyable aspects of being a Wilmington University librarian."

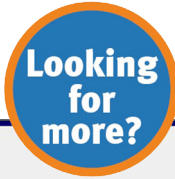

## COMING SOON: ILLiad FOR ILL REQUESTS

The new way to submit & track your Interlibrary Loan requests.

Our Interlibrary Loan service is going to be better than ever! The ILLiad system allows you to place Interlibrary Loan requests, track your requests, check due dates, renew items, and view your borrowing history. Users can access their ILLiad accounts from wherever they have Internet access.

New to Interlibrary Loan? Interlibrary Loan (ILL) is a service in which the Wilmington University Library will borrow materials for you from other libraries that are not owned in print or electronic format by us. This includes books, articles, dissertations, etc.

Once ILLiad is launched, users will simply click on the ILLiad/Interlibrary Loan link on the Library's homepage, [wilmu.edu/library](http://wilmu.edu/library) to get started.

ILLiad system features:

- Place item requests
- Track your requests
- Check due dates
- Renew items
- View borrowing history
- Much more!

## ANNUAL LIBRARY SURVEY RESULTS

The results are in! Thank you to everyone who participated.

We had a great response back from our annual survey this year. We received feedback from over 500 students and faculty members.

- Just over 73% of students felt very satisfied or satisfied with the quality of the Library's online resources (research databases, etc).
- About 72% of faculty members felt very satisfied or satisfied with the quality of the Library's orientation/instruction sessions.

The information collected will be used to better serve the university community. Although we are very pleased with the results, we are always looking to improve our services and resources. If you have a comment or suggestion that you would like to share with the Library please send us an email, [librarycontact@wilmu.edu](mailto:librarycontact@wilmu.edu).

Congratulations to Martha Alvarez for winning the survey giveaway, a \$50 Visa giftcard. Thank you everyone for participating in this years survey.

## NEW ENHANCEMENTS MADE TO OvidSP

The OvidSP Nursing Full Text PLUS Database has improved.

Some of the enhancements include:

- An enlarged Ovid Resource Box
- Simpler way to change Ovid Resource selections
- Access to Print/Email/Export/Add to My Projects quick-click buttons at the bottom of the search results screen
- New Advanced Search entry tips to promptly search by Keyword, Author, Title and Journal
- More prominent navigation within Journals A-Z

Choose *Ovid Nursing Full Text PLUS* from the [Find Articles and More](#) link on our homepage to see all of the changes and to search the OvidSP database.

The screenshot shows the OvidSP search interface. At the top, there is a navigation bar with 'Wolters Kluwer Health' and 'OvidSP' logos, and links for 'My Account' and 'My PayPerView'. Below this is a search bar with tabs for 'Search', 'Journals', 'Books', and 'My Workspace'. A 'Search History' section shows '(0 searches) (Click to expand)'. The main search area includes a 'Basic Search' section with links for 'Find Citation', 'Search Tools', 'Search Fields', 'Advanced Search', and 'Multi-Field Search'. It displays '1 Resource selected | Hide | Change' and 'Ovid Nursing Database 1948 to January Week 3 2012'. There is a search input field with the placeholder text 'Please Enter your Search in English' and a 'Search' button. At the bottom, there are checkboxes for 'Limits (Click to expand)' and 'Include Related Terms'.

## RESOURCE FOCUS: GOOGLE SCHOLAR

Search Google Scholar to connect to full-text scholarly content.

### What is Google Scholar?

Google Scholar provides a simple way to broadly search for scholarly literature. From one place, you can search across many disciplines and sources:

articles, theses, books, abstracts and court opinions, from academic publishers, professional societies, online repositories, universities and other web sites. Google Scholar helps you find relevant work across the world of research.

### Why use Google Scholar?

Google Scholar combines the ease of Google with access to scholarly materials. It searches the Web for scholarly articles, abstracts and books, weeding out popular magazine, newspaper or Internet articles.

### How can I access full-text content on Google Scholar?

The Wilmington University Library provides access to our full-text content through Google Scholar. Select **Google Scholar** from our [Library Databases by Title](#) list. If accessing from off-campus, you will be asked to login to Blackboard.

From the Google Scholar search screen, simply type in your search terms. On the results list, if available in full-text, you will see in the right column a link to access the article. Example: Full-Text @ Wilmington U

## LIBRARY MISSION

The mission of the Wilmington University Library derives from the mission and nature of the University. The Library supports the delivery of academic programs by making available to the University community the resources and methods to access information. The goal of the Library is to provide students with the resources and skills necessary to become self-directed life-long learners.

The Library strives to accomplish this by:

- providing information resources and services that benefit our students
- facilitating access to information by providing multiple formats and by linking to other networks and information resources
- conducting Library orientation sessions for both undergraduate and graduate students
- promoting the use of problem solving, critical evaluation, & decision making skills in understanding and locating information
