Getting Started.

Congratulations on becoming a faculty member at Wilmington University, and Welcome! The Ed Tech department is your go-to resource at Wilmington University for training and support in your classroom. We’ll help you get up and running at Wilmington University by training you on Blackboard, WilmU’s Learning Management System, and any other classroom technology you want to use in your courses.

Here’s what every faculty member needs:

1. **Blackboard**
   - Get trained in Blackboard. Start with the basics, then try more advanced tools! We offer courses in:
     - Blackboard Basics
     - Blackboard Advanced
     - Grade Center
     - SafeAssign
   - You have the option of taking these classes in our training lab, as an online webinar, or as a self-paced online class.
   - [http://www.wilmu.edu/blackboard/index.aspx](http://www.wilmu.edu/blackboard/index.aspx)

2. **Get HOT Certified**
   - Prerequisite: Blackboard Basics and Blackboard Advanced.
   - Ready to take the next step and get HOT (Hybrid and Online Training)? HOT training is a 3 week course offered several times throughout the year. HOT is offered completely online and takes 3 weeks to complete.

3. **Classroom Technology**
   - If you are using it in a classroom, we can train you and give you tech support. Take a class or get help, one on one, with an instructional technology expert.
     - SMARTBoards
     - Smartphone apps
     - Laptops
     - iPads
     - Clickers
   - Training: [wilmu.edu/edtech/training/index.aspx](http://wilmu.edu/edtech/training/index.aspx)
   - Support: [wilmu.edu/avsupport/index.aspx](http://wilmu.edu/avsupport/index.aspx)

4. **Add Multimedia**
   - Take your instruction to the next level and add video, voiceover, and interactivity to your course content. We’ll show you how to use the faculty video library, or help you create your own.
