WILMINGTON UNIVERSITY
COLLEGE OF ARTS AND SCIENCES
BASIC COURSE INFORMATION

COURSE TITLE: Exploring Art Media
COURSE NUMBER: ART 310

I. COURSE OBJECTIVES:

The student will be able to:

IDEA- 6 1. Develop creative capacities (writing, inventing, designing, performing in art, music, drama, etc.)
IDEA- 7 2. Gain a broader understanding and appreciation of intellectual/cultural activity (music, science, literature, etc.)

3. Read, discuss, and begin to understand Delaware’s State Art Standards.
4. Explore a variety of media to form a base of knowledge from which to draw ideas.
5. Develop an understanding of the Principles of Design and the Elements of Design so that they become part of the classroom instruction.
6. Understand the importance of art in everyday life.
7. Form an understanding of the seven intelligences and why it is important to teach to all of them.
8. Demonstrate the knowledge by designing Art lessons that will enrich or scaffold the teaching of Science, Social Studies, Math, and Language Arts in the classroom.
9. Discuss and evaluate the lessons presented.
10. Begin to have knowledge of some famous artists and their style.
11. Design a rubric for each project created and each assignment.
12. Develop a portfolio of lessons and techniques that will improve the learning going on in their classrooms or lives.
