Graduate/Professional Students
Elimination of Federal
Subsidized Stafford Loan
beginning with
the 2012-13 year.

In August 2011 the
Budget Control Act of 2011
was passed and signed
into law by Congress.

This law removes the interest subsidy
on all Stafford Loans for
graduate/professional students
disbursed on or after July 1, 2012.

This means that effective with the
2012-13 year,
graduate/professional students will be
eligible for up to \$20,500 in
Unsubsidized Stafford Loan annually.
