Course Number: EDU 392

Course Title: Practicum III

Faculty Contact:

Course Description: Practicum III is a structured, field-based, semester-long exploratory clinical course that requires at least 60 hours of supervised classroom experience in an approved setting. Fieldwork is monitored by Wilmington University Practicum advisors and Mentor Teachers. Placement priority is given to settings that serve culturally, linguistically, and socioeconomically diverse student populations. Fieldwork is supported by 30 hours of Practicum seminar sessions.

Practicum III is an extension of Practicum II in which the teacher candidate refines and enhances the implementation, analysis and reflection on all aspects of professional practice in direct relation to current research, current professional standards and the Delaware Performance Appraisal System II.

Candidates enhance, improve and refine instructional strategies, learning activities, classroom management skills and lesson planning through the application of knowledge and skills gained in the prerequisite courses.

Candidates are provided opportunities to reflect on their performance in teaching content lessons to K-12 students with disabilities. Candidates will plan, prepare and teach two lessons within an approved classroom setting, as well as working with individual students.

College Education Program Attributes

The manner in which we prepare educational personnel is informed by eight essential attributes:

1. ensuring that programs are knowledge-based;
2. viewing educational personnel as learners, including a focus on deconstructing past experiences as learners in coursework and field experiences and developing appropriate knowledge of the content and discourse of the disciplines to be taught;
3. contextual and cultural sensitivity;
4. facilitating inquiry and reflection, i.e., providing structured opportunities for critical reflection on and taking action in one’s daily work;
5. enabling authentic participation, collegiality and collaboration;
6. building an ongoing developmental program that allows for continuous improvement, experimentation, and professional growth;
7. ensuring that programs are standards-driven; and
8. ensuring that programs promote the effective use of technology.

Program Standards: Interstate Teacher Assessment and Support Consortium (InTASC)

Technology Standards: International Society for Technology in Education (ISTE)

Specialized Professional Association Standards: Council for Exceptional Children (CEC) informed by the Specialty Sets: K-12 Individualized General Curriculum and Individualized Independent Curriculum, Combined; Developmental Disabilities and Autism Spectrum Disorder; Initial Specialty Set: Early Childhood Special Education/Early Intervention; Association for Childhood Education International (ACEI); Association for Middle Level Education (AMLE)

Wilmington University Graduation Competencies:

Delaware Performance Appraisal System II: DPAS II Evaluation Rubrics

Learning Methods: A variety of teaching methods including inquiry–based learning, game-based learning, personalized learning, differentiated instruction, collaborative projects, and class participation will be used in a student-centered approach to learning. Candidates are encouraged to move from passive receivers of information to active participants in their own learning.

Learning Outcome 1 - Designing Coherent Instruction and Learning Activities that are Highly Suitable for Diverse Learners [differentiated] and Support Instructional Outcomes. (ACEI 3.1, 3.2, 3.3, 3.4 / CEC 3.1, 3.2, 3.3, 4.1, 5.1, 5.2 / InTASC 4,5,6,7,8)

Learning Activities/Performance Tasks:
1. The candidate will create or select learning objective(s) that align to national and state standards that are clear and appropriate for students within the age and content of the classroom.
2. The candidate will use assessment results to determine research based instructional strategies that are aligned to content area, standards and learning objectives.
3. The candidate will use assessment results to determine and implement accommodations and different research based instructional approaches.
4. The candidate will determine appropriate learning activities, student groupings needed during assessment and/or instruction.
5. The candidate will know and apply academic language, central concepts, tools of inquiry, and structures of the discipline.
6. The candidate is able to connect student learning to real world application aligned to content.
7. The candidate will use appropriate learning activities and strategies to promote intellectual engagement.
Assessment(s): Candidates will evaluate and reflect on existing teacher lessons. Candidates will design, plan, and implement a minimum of two lessons. Candidates will analyze and reflect on the design of instructional planning, the use of technology, and student learning.

**Learning Outcome 2 – Implementing and Analyzing Instruction (ACEI 3.1, 3.2, 3.3, 3.4, 3.5 / CEC 2,3,4,5 / InTASC 3,4,5,7,8)**

*Learning Activities/Performance Tasks:*

1. The candidate will describe and reflect upon physical, social, behavioral, developmental, linguistic, cultural or health factors that impact teacher and learning in the classroom.
2. The candidate will describe and reflect on the assigned classroom including grade level, content area, subject matter, number of students and students with special needs.
3. The candidate will describe and reflect upon school and surrounding community factors that impact teacher and learning in the classroom.
4. The candidate will use assessment results to determine and implement accommodations and different research based instructional approaches.
5. The candidate will use post assessment results to analyze and reflect on student learning.
6. The candidate will use post assessment analysis to inform future instruction.
7. Using video evidence, the candidate will analyze and reflect on classroom management strategies.
8. The candidate will know and apply state and national standards.
9. The candidate will differentiate general and specialized learning experiences to make them accessible to all learners.

Assessment(s): Candidates design, plan, and implement a minimum of two lessons. Candidates will demonstrate the ability to adjust instruction for the whole class as well as those with different learning needs. Candidates will analyze and reflect on lesson enactment and student learning.

**Learning Outcome 3 – Learning Environment (ACEI 3.4 / CEC 2.1 / InTASC 3)**

*Learning Activities/Performance Tasks:*

1. The candidate will identify and maintain classroom teacher’s expectations and procedures in coordination with students.
2. The candidate will implement appropriate behavior modifications, strategies, and accommodations based on student needs.
3. The candidate will continuously reflect and refine classroom expectations and procedures based on student learning and behavioral needs.
4. The candidate will identify, plan, and arrange the physical environment to adapt or accommodate for varying learner needs.
5. The candidate will analyze and reflect on student to student interaction and candidate to student interaction.
6. The candidate will plan, implement, and reflect on various instructional groups used during lesson.
7. The candidate will facilitate intellectual engagement of students through appropriate learning activities and strategies.
Assessment(s): Candidates will evaluate and reflect on existing classroom expectations, procedures and routines. Candidates will create, plan and implement a minimum of two lesson plans. Candidates will record each lesson and reflect on student behavior and implemented modifications and strategies.

**Learning Outcome 4 - Professionalism (ACEI 5.1, 5.2 / CEC 6.1, 6.2, 6.3 / InTASC 9)**

*Learning Activities/Performance Tasks:*

1. The candidate will analyze and reflect upon his or her own personal learning goals.
2. The candidate will select appropriate professional development and learning activities that align to his or her learning goals.
3. The candidate will communicate to colleagues, peers, families, students and the greater community in a professional manner.
4. The candidate will demonstrate and maintain professional teaching dispositions and behavior.

Assessment(s): Candidates compose a philosophy of education integrating a research based learning theory. Candidates reflect and compose written responses to the Professional Growth and Responsibilities form. Candidates will document active engagement in assigned classroom through TaskStream portfolio.

**Level of Engagement within the 60 hours:**

Your practicum experience should include, but not limited to the following experiences. At least 10 items must be documented.

- Meet and introduce him/herself to Mentor Teacher, establish a professional relationship, convey aspirations for education, create a schedule for attendance and individual opportunities to meet and discuss various aspects of teaching.
- Tour facility and introduce yourself to principal, secretary and other faculty / staff determining and identifying any responsibilities or requirements during your 60 hours of field experience.
- Learn and maintain compliance of school and district regulations and policies.
- Learn school and classroom PBIS, RTI or behavior based interventions.
- Participate in behavior based intervention meetings (if allowed with permission).
- Participate in PLC meetings.
- Attend a parent teacher conference (if allowed with permission).
- Attend an IEP meeting (if allowed with permission).
- Assist with a variety of student performance assessments.
- Teach multiple lessons constructed by the Mentor Teacher.
- Use the technology afforded to the classroom as support for lessons being taught be Mentor Teacher or during lessons taught by Teacher Candidate.
- Observe room, organization, arrangement and types of visuals displayed for students.
- Observe small and whole group lesson while following the Mentor Teacher’s plan. Discuss instructional strategies used.
- Discuss with mentor teacher any accommodations to the physical environment for students with special needs.
Additional Course Information and Schedule of Class Activities will be posted on the course blackboard site

Assignments and Grading

1. Class Discussions, Activities, and Reflections
2. Professional Growth Plan
3. Philosophy of Education
4. Plan, develop, and enact two lesson plans integrating technology
5. Analyze and reflect on enactment of instruction, learning environment and student learning.
6. Field Based Engagement Portfolio

These required projects are briefly described in the “Learning Outcomes” section of the syllabus. Additional details and resources, including OERs, can be found on the Blackboard course site.

College of Education Attendance Policy:
In the College of Education, faculty must approve all requests for absences that are exceptions to the University policy. Vacations are not considered legitimate reasons for missing classes. Faculty must be contacted prior to class in all cases except valid emergencies. Failure to obtain approval for exceptions may result in lowering the final passing grade or assigning a FA (failure due to absence).

Students who have registered for a course and never attended the class at all will receive a grade of NA (never attended). Early departures and late arrivals will be cumulative toward class absences. It is the student’s responsibility to obtain and complete assignments on the due dates. Students who register and enter the course on the drop/add date have four days to complete the first week’s assignments.

Course Materials and Reading List

Delaware Performance Appraisal System II – DPAS II A document from the Delaware Department of Education; DPAS II is Delaware’s statewide educator evaluation system. As a statewide system, DPAS II establishes consistent educator and student performance expectations and outcomes across all schools.

Praxis Performance Assessment for Teachers An examination and documents from Education Testing Systems (ETS); The PPAT assessment evaluates test takers on their abilities to impact student learning as it relates to the InTASC Model Core Teaching Standards, demonstrating that they
have the basic pedagogical content knowledge and application for the classroom to begin teaching as an entry-level teacher.

**The Framework for Teaching** A document from the Danielson Group, The Framework for Teaching is a research-based set of components of instruction, aligned to the INTASC standards, and grounded in a constructivist view of learning and teaching.
