WILMINGTON UNIVERSITY  
COLLEGE OF TECHNOLOGY  
BASIC COURSE INFORMATION

COURSE TITLE: Computer and Network Security Internship
COURSE NUMBER: SEC 490

I. MAJOR INSTRUCTIONAL OBJECTIVES:

Objective A: Develop and understanding of the functions of the company
Objective B: Observe organizational and professional styles as they relate to their particular specialty
Objective C: Apply technical skills learned in the classroom
Objective D: Gain valuable workplace experience to put on the student’s resume
Objective E: Cultivate personal contacts within the workplace (and professions)

II. CLASS PARTICIPATION:

Students are expected to attend class and participate actively and in a positive way. Questions and relevant observations are encouraged and enrich the experience of the entire class.

Computers in the classrooms are intended to be used as tools to enhance the students' learning experience. Instant messaging, gaming, emailing, and surfing the web are distractions to the student, the surrounding students, and the instructor and constitute inappropriate behavior. Students are ethically obliged to avoid these and similar practices.
