Bachelor of Science in Information Systems Management

Become an IT leader with the B.S. in Information Systems Management

This undergraduate Information Systems Management degree program prepares you to be an IT leader who can manage the complex IT operations, processes, and projects needed to increase organizational value and decision-making efficiency and effectiveness. Your courses will focus on providing the skills associated with continuous business improvement, including business process analysis, developing IT strategy, and system design.

An IT Degree Program with a Content-Rich Curriculum

Combining a solid knowledge foundation with meaningful hands-on experiences, this IT degree provides a deep understanding of leading-edge tools and technologies, as well as the underlying principles that govern their use. The program turns out graduates ready for the global IT environment, who can smoothly acclimate to new systems and approaches.

Credit for Prior Learning, IT Certifications and Experience

Get your degree even faster (and save tuition dollars) by earning WilmU academic credit for previously earned degrees and coursework, as well as professional experience, licenses, and certifications you already hold.

Learn Information Systems Management from Leaders in Technology

You'll gain an understanding of current business processes, business intelligence concepts, data warehousing, and information technology applications and practices from faculty who are active leaders in the field. Your technology courses include hands-on assignments to put theory into practice.

Free Electives (18 Credits)

Choose free electives to complete the degree requirements of 120 credit hours.

- [ ] **Free Electives (18 Credits)***

Accelerate Your Master's Degree
Replace up to 5 of your free electives with graduate courses to get a head start on your master's degree and, potentially, earn a graduate certificate.

✅ = *Typical Completion Degree Course*   *Students with fewer than 16 transfer credits are required to take **FYE 101** as one of their electives.

Work-Integrated Learning Option: A student may choose to incorporate an internship or cooperative learning experience into their ISM degree program. To complete internships for credit, students work with the Division of Experiential Learning to identify qualified employers offering appropriate learning opportunities.

The co-op option for ISM is the equivalent of one or two semester courses, for a total of six credit hours. Students can complete their ISM degrees with 120 credit hours, whether or not they choose the co-op option. To participate in work-integrated learning opportunities, students must meet eligibility requirements and must notify the Division and the ISM Program Chair at least one semester before they would like to begin their internship or co-op. For more information, visit **wilmu.edu/coel/work-integrated-learning.aspx.**

Dual-Credit ADVANTAGE™
SAVE TIME & TUITION

You can apply selected courses (and their credits) in this degree program to a variety of WilmU certificate programs, allowing you to earn a resume-boosting certificate and your bachelor's degree simultaneously. Learn more at **wilmu.edu/DualCredit**.

Related Dual-Credit Certificates:
