

Associate of Science in Digital Media

The A.S. in Digital Media: Cornerstone to a Creative, Innovative Career

This versatile associate degree program will give you the functional design skills and technical proficiency you'll need to create captivating digital content across multiple platforms. You'll graduate job-ready with a valuable credential that also prepares you for further study in a bachelor's degree in graphic design or other design program.

Skills-Based Preparation for a Variety of Career Fields

This program will prepare you for success in such roles as graphic designer, production designer and art director with skills and hands-on experience in photo manipulation and editing, illustration, print layout, logo design and branding.

Learn Leading-Edge Design Methods From Experts in the Field

You'll learn the essentials of good layout and design, as well as problem solving and business skills, from faculty who are subject matter experts and experienced with the most current technologies. Small class sizes ensure meaningful interaction with esteemed faculty.

Build Your Professional Portfolio With Your Digital Media Associate Degree

Because employers value tangible work experience, this program emphasizes hands-on learning. You'll build your design portfolio through projects in courses that include Concept Development, Vector Drawing, Adobe Illustrator, InDesign and Photoshop.

College of Technology Certificate Electives (15 Credits)

Choose a College of Technology certificate to fulfill this elective core.

- CoT Certificate Electives (15 Credits)*

* Students with fewer than 16 transfer credits are required to take FYE 101 as one of their electives. If not pursuing a College of Technology certificate, students may choose courses from the following programs to fulfill their electives: ANI, CSC, DFM, DSN, GMD, ISM, SEC, TEC, UAV, and VFP. Selecting an elective outside of this list will require approval from the program chair.

Note: Some courses have prerequisites and should be taken in the correct sequence. If your associate degree is in an academic discipline different than the one you plan to study at Wilmington University, you may be required to take additional courses to ensure compliance with your chosen program of study.

Dual-Credit
