

Associate of Science in Organizational Leadership

Build a Foundation of Leadership Skills

Prepare for leadership roles in project and staff management in a program that combines business coursework with social sciences, leadership psychology and workplace culture. The A.S. in Organizational Leadership develops leaders with the empathy to keep employees engaged and productive.

Gain Business Management Skills

The coursework in this associate degree program develops business management skills with an emphasis on examining leadership in a diverse and multicultural environment as well as decision making, interpersonal relations, change management and team facilitation.

Learn To Lead With Trauma-Informed Approaches

WilmU's A.S. in Organizational Leadership is unique because it includes coursework that examines trauma-informed approaches. These skills are valued in the modern workplace, and this coursework will help you develop leadership abilities with a human touch.

Build Your Leadership Credentials and Your Resume

Your associate degree provides a key stepping stone on your pathway to a bachelor's degree. Program graduates can apply their degree's credits directly toward a B.S. in Organizational Leadership. And if you want to continue your education even further, you'll be well prepared for the Master of Science in Management at WilmU.
