

Bachelor of Science in Animation and 3D

Art, Technology and Storytelling Combine for Dynamic Career Options

Drawing, animation, character creation, rigging, morphing, particles, texturing, lighting — they're all part of Wilmu's Animation and 3D bachelor's degree program. Computer-generated graphics are used commercially every day in nearly every industry, and Wilmu's 100% online animation bachelor's degree will prepare you for a vibrant career in this expanding field.

Robust 3D Animation Curriculum That Builds Mastery

The core of this animation and 3D degree program focuses on critical skill sets: the hand-drawn art of animation, digital 2D animation, 3D sculpting and 3D animation. In addition, you'll gain skills in graphic design, compositing and sound.

Build Your Resume and Animation Skills

Under the guidance of faculty with extensive field experience, you'll explore real-world production concepts and will learn to practice a professional animation workflow. You'll build and refine your skills using industry standard software — including Harmony ToonBoom and SideFX Houdini — and will graduate with a professional portfolio that's ready to share with prospective employers.

Enhance Your Animation Degree with a Certificate

Earn an additional credential without adding extra time or cost to your bachelor's degree program! Our related certificates include 3D for Digital Media, Graphic Design, Web Design and Technology Project Management.

College of Technology Certificate Electives (15 Credits)

Choose a College of Technology certificate to fulfill this elective core.

CoT Certificate Electives (15 Credits)*

Free Elective (3 Credits)

Choose ONE free elective to complete the degree requirements of 120 credit hours.

Free Elective (3 Credits)**

Accelerate Your Master's Degree

Replace up to five of your electives with graduate courses to get a head start on your master's degree and, potentially, earn a graduate certificate.

✓ = Typical Completion Degree Course

* If not pursuing a College of Technology certificate, students may choose courses from the following programs to fulfill their electives: ANI, CSC, DFM, DSN, GMD, ISM, SEC, TEC, UAV and VFP. Selecting an elective outside of this list will require approval of the program chair.

** Students with fewer than 16 transfer credits are required to take FYE 101 First Year Experience as their elective.

Dual-Credit
ADVANTAGE™

SAVE TIME & TUITION

You can apply selected courses (and their credits) in this degree program to a variety of WilmU certificate programs, allowing you to earn a resume-boosting certificate and your bachelor's degree simultaneously. Learn more at wilmu.edu/DualCredit.
