

Equitable Practices Graduate Certificate

The 15-credit Equitable Practices Certificate is designed for educators seeking the pedagogical and practical knowledge and skills to implement an inclusive approach to support all learners. When classrooms become healthier learning environments, students, teachers and school communities flourish.

Coursework prepares candidates to support students in prekindergarten through 12th grade by fostering inclusive learning spaces, where diversity is valued and respect for others is the norm.

Candidates will learn to leverage effective digital tools to transform the classroom in pace with modern learning needs. Educators previously unfamiliar with virtual teaching environments will learn how these environments work and how they can be used to successfully promote active learning for all learners.

This certificate is not only a valuable standalone credential, but through **Dual-Credit ADVANTAGE**, you can also apply its course credits toward WilmU's M.Ed. in Interdisciplinary Studies in Education.

Curriculum: (15 credits)

Prerequisites may be required. Visit the program page for details.
