

M.S. in Environmental Science

Expand Your Expertise With an Environmental Science Graduate Degree

Bachelor's degree holders in related fields and environmental science practitioners looking to expand their careers will benefit from this flexible and affordable data-driven Environmental Science program. You will be prepared with the detailed knowledge, skills and tools to make a positive impact on the environment and in your scientific career.

Study Established and Emerging Practices in Environmental Science

You'll take a deep dive into the biological and chemical properties of life and receive training in ecosystem management, environmental chemistry, soil biology, restoration ecology, environmental toxicology and conservation biology.

Gain Skillsets That Will Help You Stand Apart

Designed to be forward-thinking, this program emphasizes the development of in-demand quantitative and mathematical skills in data science, biometry and geographic information systems. A six-credit research project allows you to grow your proficiencies by applying the principles of analysis, hypothesis testing and experimental design at the graduate and professional level.

An Affordable, Flexible M.S. That Accommodates Your Schedule

WilmU's M.S. in Environmental Science program lets you advance your education while working full time so you can continue to earn while you learn. Choose between face-to-face or 100% online options to suit your needs.

Get started today at wilmu.edu/Apply.

11 courses | 33 total credits

Finish your environmental science degree in as little as 12 months.

\$1,572

per course

Cost of a typical 3-credit course

Classes start every 8 weeks.

M.S. in Environmental Science

M.S. in Environmental Science Curriculum (33 Credits)

- ENV 6006 Ecosystem Management
- BIO 6000 Soil Biology
- BIO 6100 Conservation Biology
- ENV 7200 Environmental Toxicology
- CHE 7000 Environmental Chemistry
- BIO 7002 Restoration Ecology
- DTA 6100 Biometry
- DTA 7400 Data Science
- DTA 7300 Geographic Information Systems
- SCI 7500 ENV Master's Project
- ENV 7000 Environmental Geology

Dual-Credit ADVANTAGE™

SAVE TIME & TUITION

Earn multiple credentials at the same time. Through Dual-Credit ADVANTAGE™, you can go further, faster, by applying Dual-Credits to multiple academic programs without extra time and tuition costs. Learn more at wilmu.edu/DualCredit.
