

Master of Science in Accounting

Fast and Flexible M.S. in Accounting

Wilmington University's 30-credit-hour M.S. in Accounting program requires only five prerequisite undergraduate courses, allowing you to complete your degree quickly and establish a sound foundation for your CPA, CMA, CIA, CFE and other professional exams. Plus, you can take your accounting classes 100% online or face-to-face, learning when and where it is best for you.

A Master's Degree in Accounting That Builds Real-World Experience

Throughout your program, practical assignments, cases and discussions with experienced, business-savvy instructors will equip you with knowledge and skills you can immediately put to work in your accounting career. This graduate-level accounting program is also designed for students whose undergraduate degree is not in accounting.

Comprehensive Accounting Degree Preparation and Credit for the CPA Exam

Wilmington University's CPA Review course and Accounting Review Certificate will not only prepare you to sit for the Certified Public Accountant (CPA) exam but will provide you with the 150 credit hours required to become a CPA. If you've already passed the CPA, you may receive academic credit toward your accounting graduate degree.

A Degree That Builds Your Resume and Your Network

Take advantage of WilmU's close ties with respected local accounting firms. The connections formed while completing your degree offer opportunities for internships and career advancement as well as networking channels with local accounting industry leaders.
