Fintech
Undergraduate Certificate

As the fastest-growing disruptive force in the financial services industry, financial technology (fintech) is an essential area of exploration for finance professionals. Wilmington University's 18-credit, 100% online undergraduate Fintech Certificate is a valuable credential to deepen your knowledge, gain in-demand skills and boost your resume.

The U.S. Bureau of Labor Statistics reports that financial services positions, a key component in fintech, are projected to grow 10% between 2016 and 2026. Position yourself for success with this interdisciplinary Fintech Certificate. Not only is this certificate a valuable standalone credential, but it can also be part of your personalized education path. Through **Dual-Credit ADVANTAGE**, you can apply coursework and credits from your Fintech Certificate to a variety of WilmU bachelor's degree programs.
