

Photography

Undergraduate Certificate

The **Photography certificate** will allow a student to start with the basics and learn aspects of advanced techniques, including flash photography, location and studio lighting. Students may choose between Sports Photography and Action Photography for one of the courses. Either of these courses will aid the student in event photography through decision making and working under pressure.

Curriculum: (15 credits)

Students are held to all prerequisite requirements; some students may require more than 5 courses to complete this certificate. Visit program page for details.
