

Cloud Practitioner Undergraduate Certificate

This 16-credit undergraduate certificate will prepare you to support business IT's ongoing migration to cloud computing. You'll also be prepared to sit for the AWS Certified Cloud Practitioner exam. Practical and innovative, this hands-on Cloud Practitioner certificate will develop your skills and increase your marketability. The online format offers maximum schedule flexibility.

Not only does this Cloud Practitioner program give you the ability to quickly attain the knowledge needed to oversee cloud computing, but its associated credits can also be applied toward related bachelor's degree programs in WilmU's College of Technology, including the BS in Computer Science, the BS in Applied Technology, and the BS in Cybersecurity.

Curriculum: (16 credits)
