

# Digital Forensics

## Undergraduate Certificates

The **Digital Evidence Discovery Certificate** contains coursework that includes digital evidence recovery: the preservation and collection of vital information from personal computers, mobile phones, networks and other digital devices that may contain digital evidence.

### Digital Evidence Discovery: (18 credits)

*Prerequisites may be required. Visit the program page for details.*

- LES 330** Cyberlaw
- LES 331** Electronic Discovery
- SEC 100** Introduction to Computer Hardware and Operation
- SEC 230** Introduction to Linux
- SEC 240** Foundations in Cyber Investigations
- SEC 370** Computer Incident Response Course

*Note: Students are held to all prerequisite requirements; some students may require more than six courses to complete this certificate.*

The **Digital Evidence Investigation Certificate** provides investigators with a foundation for investigating digital data itself in the lab.

### Digital Evidence Investigation: (18 credits)

*Prerequisites may be required. Visit the program page for details.*

- SEC 235** Networks and Telecommunications
- SEC 350** Introduction Computer Forensics
- SEC 355** Mobile Device Security and Forensics
- SEC 360** Advanced Mobile and IoT Forensics
- SEC 375** Malware Analysis Techniques
- SEC 440** Network Forensics

*Note: Students are held to all prerequisite requirements; some students may require more than six courses to complete this certificate.*

Both Digital Forensics certificates have a minimum passing grade of "C-" for each course. Students receiving a grade lower than "C-" in any of the specified courses must retake those courses to earn the certificate.

### Related Programs:

- BS in Cybersecurity
- BS in Applied Technology
- BS in Law, Policy & Political Science: Legal Studies Concentration
