

Dear Families,

We offer two ways that high school students can take Wilmington University courses.

1. Dual Enrollment - These courses are offered to students at their high school during normal school hours. Credits earned by Dual Enrollment students count as both college credit and toward high school graduation requirements.
2. Non-dual enrollment (Early College Program) - These courses are offered at WilmU locations and online at a reduced tuition to students.

For courses offered at High School Partnership Locations; Dual Enrollment, (please initial) _____

- My child understands that these classes are actual college courses and the amount of time and effort both in and out of class should reflect as such.
- I certify that my student meets the requirements for Dual Enrollment as agreed by the partnership High School and WilmU.
- I understand that my child's WilmU course must be recorded on his/her High School Schedule.
- I understand that I will be responsible for any fees that may be charged by the partnership High School.
- I understand and agree to abide by the important dates such as those for dropping the class, purchasing materials, and completing requirements as set forth by the partnership High School.

For courses offered at WilmU Locations or online; Non-Dual Enrollment, (please initial) _____
