What are LibGuides?

- LibGuides are online research guides, custom-made for your course by W.U. librarians.

How will it benefit my students?

- LibGuides link students directly to course-relevant resources, bypassing the need to navigate the library website to discover subject-specific resources.

Welcome Collaborators!

Now that you have the invite I'm sure you really want to know: what do I do with it?!?

You can now edit the guide you were invited to edit. It's as simple as that. In theory. ;)

There's a lot to LibGuides:

- a lot of box types;
- a lot of functionality;
- a lot of possibility.

This guide will help you understand the system a little more an lnk you out to helpful instructions on how to use the system.

If you have any questions, search LibGuides FAQ + Answers (to the left). If you don't find the answer you're looking for, submit your question & we'll get back to you with the answer! :)

Have fun playing!
